Hi folks, can we please make sure this email isn't forwarded to anyone not on the distribution list? And if you need to share it, please check with me/ [REDACTED] It is marked as legally privileged for a reason, and I would like for us to be able to control the message that goes out. If we think this is going to get forwarded, we will have to dilute our updates. Please let's be very careful about this.

Hey [REDACTED]

Have you been getting any more of these updates from [REDACTED]? If so, could you please forward along?

Also, I'd love to see any other performance updates you think would be helpful as we have an upcoming management meeting in about a week and would love to share any of our latest findings as an aggregate and potentially isolated cases for investigation. FYI, the last update I saw from you was THIS.

Thanks!
